

western corner of the state on 28 April 1913 (Ligon, 1961, *New Mexico Birds*, p. 289). My specimen was taken only a mile from the Oklahoma state line. The one specimen known to have been collected in Oklahoma was taken on 23 April 1953 in the central part of the state (Sutton, 1967, *Oklahoma Birds*, p. 608). The fact that several Baird's Sparrows have been taken on the plains adjoining the eastern slope of the Rockies in central and northern Colorado (Bailey and Niedrach, 1965, *Birds of Colorado*, 2: 804) indicates that the species migrates to some extent along the western edge of the Southern Great Plains; but Baird's Sparrow has also been taken well eastward in Texas, Oklahoma, and Kansas, and scarcity of specimens from the central part of the plains may reflect irregularity of field work and paucity of observers rather than scarcity of birds.—Sievert A. Rohwer, *Museum of Natural History, University of Kansas, Lawrence, Kansas 66044*, 5 May 1969.

OFFICERS OF THE OKLAHOMA ORNITHOLOGICAL SOCIETY

December, 1969

President, Dr. William A. Carter, Department of Biology, East Central State College, Ada, Oklahoma 74820

Vice President, James L. Norman, 502 North 14th, Muskogee, Oklahoma 74401

Secretary, Mrs. L. W. Ray, Rt. 1, Harrah, Oklahoma 73045

Treasurer, Mrs. Ruth A. McNew, P.O. Box 94224, Oklahoma City, Oklahoma 73109

Business Manager, Harold M. Smith, 1817 Fremont Rd., Bartlesville, Oklahoma 74003

DIRECTORS

Mrs. Roy Badger, 723 North 18th St., Durant, Oklahoma 74701

Dr. James K. DeVore, Rt. 3, Box 218 P, Edmond, Oklahoma 73034

Mrs. D. J. Isted, 1124 East Ninth Place, Cushing, Oklahoma 74023

Mrs. Frances Neeld, 1304 Elm St., Duncan, Oklahoma 73533

Dr. George M. Sutton, Stovall Museum, University of Oklahoma, Norman, Oklahoma 73069

Mrs. S. R. Williams, 1205 East 10th St., Okmulgee, Oklahoma 74447

Editor, Sophia C. Mery, 345 S. E. Boston Avenue, Bartlesville, Oklahoma 74003

Assistant Editor, Emma H. Messerly, 344 S. E. Elmhurst, Bartlesville, Oklahoma 74003

INDEX OF BIRD NAMES

By EMMA MESSERLY

aedon, *Troglodytes*: 12, 15
albus, *Casmerodius*: 11
alexandri, *Archilochus*: 14-15
alpestris, *Eremophila*: 30
americana, *Fulica*: 4-5, 13-14
Ammodramus bairdii: 30-31
savannarum: 30
Ani, Groove-billed: 1-2, 28-29
Archilochus alexandri: 14-15
colubris: 14-15
Arenaria interpres: 21-22
asio, *Otus*: 29
ater, *Molothrus*: 4, 7-8, 23, 30
bairdii, *Ammodramus*: 30-31
bellii, *Vireo*: 7-8
bicolor, *Parus*: 6-7
Bobwhite: 4
breweri, *Spizella*: 30

Bubulcus ibis: 11-12
bullockii, *Icterus*: 23
Buteo harlani: 4
jamaicensis: 25-26
caerulea, Florida: 11
Calidris canutus: 22
californianus, *Geococcyx*: 5-6
canutus, *Calidris*: 22
Caprimulgus carolinensis: 9-11
carolina, Porzana: 21
carolinensis, *Caprimulgus*: 9-11
Carpodacus mexicanus: 16
Casmerodius albus: 11
Cassidix mexicanus: 2, 8, 28
Charadrius vociferus: 22
Chuck-will's-widow: 9-11
Colinus virginianus: 4
colubris, *Archilochus*: 14-15
